

RAILROAD NEWS FROM ALL POINTS

Southern Railway Will Be An
Extensive Exhibit at James-
town Exposition.

CROWDS COMING TO REUNION

Supreme Court of United States
Sustains North Carolina State
Corporation Commission.

Mr. W. E. Christian, assistant general
passenger agent of the Seaboard Air
Line Railway, with headquarters in
Atlanta, is in the city on a pleasure
trip. He is mingling with his nume-
ous friends and not transacting rail-
way business. However, Mr. Christian
says the Seaboard Air Line is going to
haul vast armies of people from the
South to the Jamestown Exposition.
There will be wonderful travel toward
Richmond for Confederate Reunion
week, Mr. Christian says. He judges
from appearances on his own line that
more people are coming to this reunion
than to any that has ever before been
held.

The next excursion trains for the
exposition over the Chesapeake and
Ohio Railway have been set for Thurs-
day and Saturday of this week. The
trains will leave promptly at 8:15 A. M.
on those dates. Passenger Agent War-
ton says the trouble at the Newport
News pier has now been entirely over-
come, and these trains will certainly
land their passengers at the Expo-
sition Grounds in two hours and a
half after leaving Richmond.

The Southern Railway Company will
make three separate permanent ex-
hibits at Jamestown, and has all three
of them nearly completed. These will
comprise locomotives and cars in the
Transportation Building, minerals and
timber in the Virginia Mines and
Timber Building, and agricultural and
manufactured products in the States
Exhibit Building. It is the intention
of the Southern Railway Company in
making these exhibits to call particu-
lar attention to the natural resources
of the South, which include mines of
almost every known American mineral
and metal, a large and varied tim-
ber supply, stone, marble, clays and
cement material. In demonstrating the
agricultural and manufacturing inter-
ests of the South, the Southern Rail-
way Company will join various in-
dustries in making exhibits. The
Southern Railway received the blue
ribbon for the most attractive of eight
similar exhibits of the products of
field, garden and orchard at the Illi-
nois State Fair, and the management
will endeavor to make the Southern
Railway exhibit at Jamestown the best
of its kind.

The Seaboard Air Line has prepared
plans for new ship buildings at Jack-
sonville. The plant will be operated by
electricity throughout and will cost
\$500,000.

The Supreme Court of the United
States last week upheld the power of
the State Corporation Commission of
North Carolina to require the Atlantic
Coast Line to make certain connections
of its through trains with an east and
west train of the Southern Railway in
North Carolina in order to accommo-
date the public, even if the Coast Line
has to put on an extra train to do it.
Selma, N. C., is the point named in
the controversy, but the principle ap-
plies to any point where like condi-
tions prevail.

The Raleigh and Southwestern Rail-
way Company has filed a mortgage to
secure an issue of \$1,500,000 4 per
cent. bonds to provide for the con-
struction of the road from a connection
with the Piney Branch of the
Chesapeake and Ohio at or near Rich-
land. The project is reported to be a
Chesapeake and Ohio enterprise.

The Chesapeake and Ohio has sold
\$500,000 Potters Creek Branch 4 per cent.
bonds. The bonds are a
lien on the branch extending from
Covington, Va., through the Potters River
Valley, twenty-five miles.

VIRGINIA STRAWBERRIES.

They Will Be Late and Probably
Inferior This Season.

It would seem that the lovers of the
juicy strawberry will have to depend
this year almost entirely upon the
berry patches in the far South.

The reports from all parts of this
State are to the effect that the long
cold spell and the late frosts have
played havoc with strawberries of the
Virginia variety. There will not be
anything like a half crop, and such
as are finally gathered will be late
and probably of inferior quality.

The far South, gather the straw-
berries earlier than do the raisers in
Virginia, but they never get as good
and as juicy fruit.

Governor Coming To-Day.

Governor Swanson will return from
Norfolk this morning, and will be in
his office at the Executive Department
to-day.

His Excellency has been in the Sea-
side City ever since the opening of the
Jamestown Exposition on Friday.

S.S.S. NATURE'S TONIC

Every one should take a tonic in the Spring; their systems require it. The blood has become thick and sluggish with the accumulations left in the system from the inactive, indoor life and from the heavy, rich foods of the Winter season. The blood, being in this unnatural and disordered condition, is unable to furnish the body with the increased amount of nourishment necessary for the more energetic life of Spring and Summer, and the system suffers from debility, weakness, nervousness, indigestion, loss of appetite, and many other unpleasant symptoms of a disordered blood circulation. When the system is in this run-down and disordered condition it is not safe to take unknown concoctions, sarsaparillas, compounds, etc., because they usually contain potash or some other equally strong and harmful mineral ingredient, which acts unfavorably and often dangerously on the depleted, weakened system at a time when it needs gentle and natural stimulation to throw off the impurities and recuperate its lost energy. S. S. S. is appropriately called Nature's tonic. It is made entirely of roots, herbs and barks from the great storehouse of forest and field, selected for their purifying and health-restoring qualities, and as it does not contain the slightest trace of mineral in any form it is perfectly safe for young or old. S. S. S. acts directly on the blood, ridding it of all impurities and poisons, and restoring the lost properties of rich, nutritive strength so that it is able to supply the system with the healthful, invigorating energy needed to pass the trying season of the year. Its action is the most pleasant, prompt and satisfactory of all tonics, and those who feel the need of such a medicine will do well to commence the use of S. S. S. at once. S. S. S. restores lost energy, relieves the tired, worn-out feeling, helps the appetite, aids digestion, and adds tone and vigor to the system. THE SWIFT SPECIFIC CO., ATLANTA, GA.

STOCKS AND BONDS

The stock market yesterday was of
very little interest to Richmond in-
vestors, it being evident from the very
opening of the New York Exchange
that all the trading there was purely
professional and in the main based
on rumors that may or may not have
had some foundation in fact. At this
distance no one was able to figure
out the proportion of fact these ru-
mors carried.

The story that turned the whole tide
of the new market and made it strong-
er was the vigorous renewal of an
old rumor that a "holding company"
for all Union Pacific and allied stocks
and securities will soon be announced,
and that Mr. Harriman will retire from
the presidency. Neither of these re-
ports could be confirmed, but the stock
was bought in big blocks with great
confidence, and after crossing 144 1-2
in the early trading, ran up more easily
than at any other time since the ad-
vance began. The rest of the market
was sympathetically affected and was
strong. Of the other active railroad
stocks Reading and Northern Pacific
showed the greatest strength. Sentiment
was favorably helped by a fall
of about one cent in wheat and by a
further easing in time money. The
market remained largely professional
and would have been uninteresting had
it not been for the large trading and
speculation in Union Pacific.

The close was strong at about the
best prices of the day. The Richmond

contingent was a little afraid of the
conditions, as the ticker reported them
from Gotham, and but little trading
was done.

The directors of the Richmond, Freder-
icksburg and Potomac have declared
the regular guaranteed semi-annual
dividend of 4 1-2 per cent, payable
May 1st. Books reopen May 1st. They
have also declared a dividend of 5 per
cent. on the capital stock of the Rich-
mond, Fredericksburg and Potomac
and Richmond and Petersburg connec-
tion, payable May 1st. Books reopen
May 1st.

NEW YORK, April 29.—They're Off,
with Mountain in the saddle, won the
Dunton Stakes, six furlongs, at Ja-
maica to-day. The colt was quoted at
10 to 1 in the betting, and stopped
the distance in 1:13 3-5. Senator Clay,
owned by D. C. Johnson, was an added
starter, and with Martin up, was heav-
ily backed, being played down from
4 to 1 to a 7 to 5 favorite, but a poor
start spoiled whatever chance he had.
They're Off broke in front and Moun-
tain sent him right along, leading
from start to finish, winning easily by
a length and a half. Three favorites
won. The summaries:

First race—five furlongs—Master

5) second, Sweet Taire (10 to 1) third.

W. AND L. WINS.

Lexington Team Defeats Strong
A. and M. Aggregation.

[Special to The Times-Dispatch.]
LEXINGTON, Va., April 29.—Washington
and Lee University this afternoon defeated
Agricultural and Mechanical College of
North Carolina by 4 to 3 in a very interest-
ing game.

Variety had the visitors shut out. All
the twentieth and an error permitted a
score. Washington and Lee made several
very costly errors. Porter pitched a fine
game. The batting of Linn and two-bag-
gers by Wilson, Bagley and Luhn were fea-
tures for Washington and Lee, and the over-
hand catch in left field by Sheaffer and the
hitting of Farmer were features for the
visitors.

The score by innings:
A. and M. 0 0 0 0 0 1 0 3
W. L. U. 0 0 0 1 1 0 0 0 4
Batteries—A. and M., Temple and Thomp-
son; W. L. U., Porter and Anthony. Um-
pire, Capt. Byrd, of V. M. I. Struck out—

V. P. I. VICTORIOUS.

Tech Team Defeats Roanoke
College in Good Game.

[Special to The Times-Dispatch.]
SALISBURY, Va., April 28.—Without an
even score, and only five scattered hits,
V. P. I. won from Roanoke College here
to-day by 5 to 3. Though Roanoke did
not play in her usual form, Bowman, who
was in right field, gave V. P. I. four
runs by letting two balls pass him in the
second and fifth innings.

Burgundine, for Roanoke, would have
had a shut-out game had it not been
for the ragged support behind him. The
only feature was the batting of Stras,
for Roanoke.

Batteries: Roanoke—Burgundine and
Clark; V. P. I.—Chance and Foun-
taine. Umpire, Mr. Yonce.

Amateur Baseball.

The Seventh Street Midgots defeated
the Eleventh Streets to-day on the
Tenth Street flats by 5 to 4. The fea-
tures were the pitching of B. Fowler
for the Midgots and Haskins for the
Eleventh Streets. The catching of Cos-
by and the batting of Burch were nota-
ble. The batting of Linn and two-bag-
gers by Wilson, Bagley and Luhn were fea-
tures for Washington and Lee, and the over-
hand catch in left field by Sheaffer and the
hitting of Farmer were features for the
visitors.

seen here. In this session, however, Wil-

When You Take Cold

One way is to pay no attention to it;
at least, not until it develops into pneu-
monia, or bronchitis, or pleurisy. An-
other way is to ask your doctor about
Ayer's Cherry Pectoral. If he says,
"The best thing for colds," then take
it. Do as he says, anyway.
